ENTIRE MILAM COUNTY PLANNING FOR INTERSCHOLASTIC MEET

APRIL TRADES DAY WILL BE MERCHANDISING TRIUMPH FOR CITY OF CAMERON

FORMER DISTRICT ATTORNEY-PIONEER, U. S. HEARRELL, DEAD

THOUSANDS MOURN PASSING OF DISTINGUISHED CITIZEN.

U. S. Hearrell, 57 years, former district attorney of Milam county, and for many years leading member of the Milam County Bar and known throughout the state of Texas as a lawyer and citizen, died at the Cameron Hospital Wednesday morning at 5 o'clock following an operation performed by the surgeons as a final ministrations to save his life.

While his condition had been regarded as serious for the past month hopes were held by the family and attending surgeons that he would recover following the operation. This was the second operation within the past two weeks, the first being survived in such manner as to lend encouragement to the physicians.

The news of his death brought universal sadness throughout the city and to the thousands of friends and acquaintances all over Texas. The body was removed to the green undertaking parlors and from there to the family residence on East Thirteenth where throughout the day and night of Wednesday hundreds came to pay tribute.

The funeral was held from the family residence Thursday afternoon with services in the home beginning at 3 o'clock, conducted by Rev. R. C. White, pastor of the Baptist church, and Rev. H. R. MacFadyen, pastor of the Presbyterian church. Interment was made in Oak Hill Cemetery amid the sorrowing tribute of hundreds who gathered to honor one whom they had known in the role of public official, citizen, friend and benefactor.

Messages of condolence came Wednesday and Thursday from friends and acquaintances throughout Texas and the floral offerings were the largest ever seen here. The flowers were banked in the home and hundreds of collections coming in by shipment Thursday were taken to the cemetery.

Wednesday morning the Milam County Bar of which deceased had been a leading member for many years met and instructed a committee to draft resolutions expressing sorrow over the death of its distinguished member. Members of the bar were delegated to keep vigil in the home along with others who remained at the side of their departed friend. The resolutions of the bar will be published at an early date.

U. S. Hearrell was born in Mosha, Missouri in 1866 and when a small child came with his parents to Milam county. The family settled near Rockdale where the son grew to young manhood. Later the family moved to Coke county and the son went to Baylor University at Waco where he was graduated after a brilliant student career. Afterwards he taught school for several years

(continued on page four.)

BILL BOOSTER SAYS

"OUNG FELLOW, THIS TOWN ISN'T TOO SMALL FOR YOU! IF YOU CAN'T SUCCEED HERE, HOW DO YOU EXPECT TO IN CHICAGO OR NEW YORK, WHERE COMPETITION IS FIERCE AND EXPENSES HEAVY? THERE'S OPPORTUNITY IN YOUR OWN HOME TOWN, SON! THINK IT OVER!"

BAYLOR COLLEGE CHORAL CLUB WILL SING IN CAMERON

SATURDAY NIGHT MARCH 24 AT YOE HIGH AND SUNDAY AT BAPTIST CHURCH.

Plans have been made for the reception of the Baylor Choral Club which will sing at the Yoe High school building Saturday night March 24 and on Sunday morning at the Baptist church.

Tickets are on sale at three downtown stores, Palace of Sweets, Jackson & Read Company and New Cameron Drug Company.

This is an exceptional opportunity for the people of Cameron as the club is touring the larger cities of Texas and meeting with great favor wherever they sing. Miss Louise Adams of Cameron is a member of the club and one of the soloists and will be heard here Saturday and Sunday.

The following program will be rendered:

Chorus—(a) To Sylvia—Schubert (b) Spring—Beethoven-Gest. The Merry Miller from Rob Roy—Louise Adams and Chorus. Violin Solo—Camilla Marrs. Chorus—(a) At Dawning Cadman, (b) Just a Tiny Ray of Sunshine—Polk, (c) Miamia Shore—Jacobi.

Trio—By the Waters of Minnetoka—Liereance. Fary Bark—Ware—Louise Adams, Annie Duggan, Estella Ginsburg.

Piano Solo—Allie Merle Conger. Chorus—Birds of the Wilderness—Horstmann.

Reading—Lorene Miller. Popular Group—"My Mother's Wedding Gown"—Merle Walker and Chorus.

"The Twinkle in Your Eye"—Lois Bullock and Lea Mangham. "The Maids of 1893-23"—Lucile Lechner, Annie Duggan and Lorene Miller.

"If Winter Comes"—Adelaide Winch. Whistler: Eugenia Daniels, Camilla Marrs, Frances Frazier. Vocal Solo—Annie Coleman Pierce. Kiss Waltz (by request)—Arditi.

VARIETY STORE TO BE OPENED HERE

L. F. GOHMERT OF CUERO WILL ENTER BUSINESS CIRCLES IN CAMERON.

L. F. Gohmert of Cuero will open a variety store in the Mondrik building on the west side of the square about April 1. Mr. Gohmert was in Cameron this week looking after details of the building now under construction.

The building was destroyed by fire last winter and is now being rebuilt by Frank C. Mondrik, business man of Cameron. A new front and concrete floor is being constructed to complete the building for occupation.

Mr. Gohmert will come to Cameron within a short time now to arrange for placing his stock. Mrs. Gohmert and their daughter Dorothy, four years old, will join Mr. Gohmert shortly after April 1 or as soon as Mr. Gohmert has found a suitable dwelling.

People of Cameron welcome Mr. Gohmert here. He is a member of an old and leading family of DeWitt county and his coming here will bring impetus to the business life of the city.

HIGHWAY REPORT:

Route to San Antonio via Thorndale-Taylor is again open but will be found rough around Thorndale-Thrall sector.

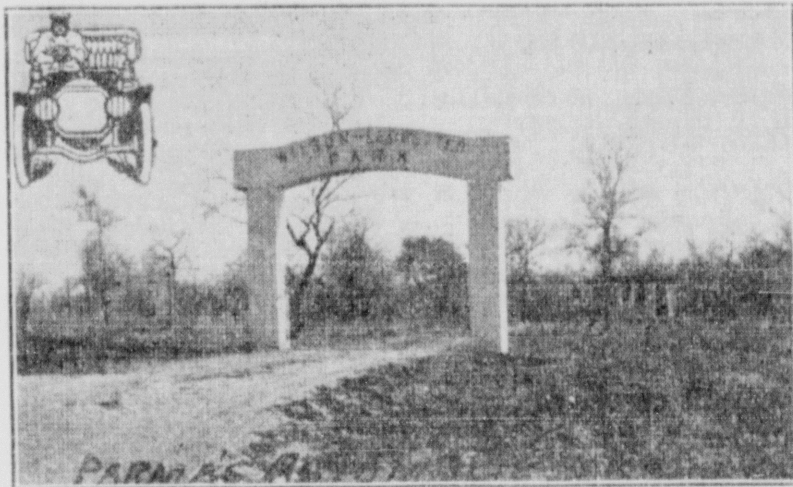

Better route to San Antonio will be found via Davilla-Bartlett.

Route to west Texas via Temple-Brownwood to Amarillo is open and will be found in splendid shape.

Houston route via Hearne-Benchley and Courtney-Hempstead.

Between Phoenix and Los Angeles a stretch of 12 miles was visited by fierce sand storms the past week and made it dangerous and is not advisable to make the trip at the present time without investigation.

Mrs. R. H. Johnson has returned from a week end visit with her niece, Miss Mary Sheffield in Houston.

VIEW OF WILSON-LEDBETTER PARK CAMERON.

The above view taken of the Wilson-Ledbetter Park is submitted by J. T. Parma, Motor League branch representative in Cameron and authority on routes and highways. The insert at top left is a clever design by Mr. Parma who has come to be something of an artist. Mr. Parma sponsored the Park and is responsible for the large number of tourists that come here each year.

MILAM COUNTY TO SEND LEGIONS TO MEET MARCH 30-31

LARGEST EVENT OF YEAR ANTICIPATED BY CITIZENS OF CAMERON.

The largest event of the year—county wide in its scope and the pride of more than twelve thousand school children of the county is the interscholastic League meet here on Friday and Saturday, March 30 and 31.

All Milam county is learning of the program on these days through advertising matter sent out under the direction of L. Van Perkins, athletic director of the Cameron high school.

It is conservatively estimated that fully five thousand school children will come to Cameron on these days and hundreds of parents and interested spectators will swarm the campus for the hundreds of athletic events. The literary features of the program will be held in the Yoe High School.

In this spirit of boosting and enterprise the merchants and business men will join and nothing will be left undone to make this day one for history to distinguish in school affairs.

One of the outstanding features of this day will be the athletic contests, sports of all kinds in which the citizen takes a hearty interest.

The Chamber of Commerce will lend its aid in helping to entertain these guests. With the good roads leading into the city from every direction the crowd will be materially larger than if held in any other city in this section of Texas.

WEATHER REPORT.

Dallas and vicinity: Tonight cold, cold wave, freezing temperature, temperature 30 degrees or lower.

Friday fair and warmer.

East Texas (Cameron): Tonight fair preceded by showers on the coast, colder, cold wave in the northeast portion.

Friday fair, warmer, except in the southeast portion.

Council Without Power To Remove School Board Member Says Attorney

Following conclusions by City Attorney Paul Webb in his investigation asked by the council regarding the status of Dr. John L. Denson, member of the school board, an opinion was given the council Tuesday that the city is without power to remove a member of the board.

Mr. Webb's opinion holds that before removal of a school board member is permitted conviction must be had in the courts or proceedings must be instituted by the Attorney General by quo warranto action in the district court of Travis county or in the District Court of Milam county.

On and after court action if conviction is had the city may then take action to remove a board member. The city is also without province in asking for resignation, although this

could be done, but not authorized by law.

It has also been held by high authority that Dr. Denson is not serving illegally because the member of the faculty now teaching and held to be in the third degree of relation as defined by law as objectionable, was elected before Dr. Denson took oath as member of the board. But on recurrence of election of teachers could not pass upon election without violating nepotism law, and even in this eventuality quo warranto proceedings would be necessary and the city is without power to act until this has been done.

Any violation of this law, if so held, is binding on all members of the board and all may be removed by the Attorney General.

ADDITIONAL PARK PROPERTY BOUGHT BY CITY CAMERON

GREEN PROPERTY ADJOINING PARK TO BE IMPROVED AS PARK SITE.

The city has purchased the Green property adjoining the city park and facing main thoroughfare known as the show grounds with back street and will add this to the present park site.

Authority was given to O. M. Smith, George T. Graves and H. M. Hefley, composing the finance committee, to negotiate this purchase last month and the matter has been practically closed.

This purchase is to be made out of ten cent tax voted by the people equal division of which was made by the council to apply on the band and parks. Also the purchase of the slaughter pen property is to be retired out of the park tax.

The city has made a contract with Paul H. Medsker to direct the band for one year, one half of the tax to apply on this item. The city feels that a good disposition has thus been made of the park tax, especially in view of the fact that several hundred dollars will be left to take care of small maintenance costs after the purchase of the added property.

The city adopted a far sighted civic policy when it purchased play ground equipment and began to give more of its efforts to park improvement last year and the acquiring of new property is believed the part of wisdom as the city will not likely outgrow the park grounds now owned by the city.

BARN AND CONTENTS BURN.

The large grain and hay barn of H. L. Atkinson of Maysfield was destroyed by fire on last Wednesday at 4 a. m. The loss is partially covered by insurance. The barn had been insured for the past 24 years.

WATER SYSTEM TO BE CONSIDERED AT MEETING THURSDAY

BELIEVE AGREEMENT REACHED ON IMPROVED SYSTEM HERE.

Consideration of the proposed extension and improvement of the water system of Cameron will be the order of business at an adjourned meeting of the council Thursday afternoon at 4 o'clock.

The meeting was set at the conclusion of the regular meeting Thursday afternoon.

George T. Graves has been made chairman of the Fire and Water Committee to succeed C. R. Phillips resigned and this committee will hold a preliminary meeting today.

The Cameron Water, Power & Light Company have agreed to the extension plans submitted by the State Fire Insurance Commission and will act for the protection of the city as soon as agreement is reached with the council. This is regarded as one of the largest improvement projects in recent years.

Friday C. W. Lawrence and Mayor J. B. White were in Austin before the Fire Insurance Commission in connection with the matter and all details have been arranged. It is likely that the contract will be amended so as to prohibit future extension of mains of a capacity less than six inches for the residence section and eight inches in the mercantile districts. The company have tentatively agreed to this proposal by Mayor White. An extension of the contract with the company will in all probability be made with some changes.

The company is not bound by contract to make these improvements and their interest in the improvement of the system is wholly a matter of desiring to provide protection and rendering a large service to the city.

The council has changed its meeting hour from 8 p. m. to 4 p. m.

MARLIN TRACKMEN COMING HERE FRIDAY

PRELIMINARY MEET HERE TO TEST OUT ATHLETES ON MARCH 23.

The Yoe High Glider Pathners will have their first chance to show their stuff to the people of Cameron Friday afternoon at 3:30 o'clock.

Marlin High is coming with a bunch of good track and field men. They are reported to be especially strong in the dashes, so you may see some exciting track events with such men as Bazzett and McCall doing the dashes for Yoe High.

This meet is a preparatory meet for the county meet next Friday and Saturday.

Plans are now going forward and the biggest meet in the history of this county is anticipated.

The track and all equipment is now ready and in first class condition. Yoe High School promises a meet to the people of this county that will go a long way toward making track one of our most popular sports.

FORMER DEPUTY SHERIFF NEW TEXAS CO. AGENT.

Ray Robinson, former deputy sheriff under Governor Hefley, and adjutant of the American Legion, has been appointed agent for the Texas Company in Cameron. Mr. Robinson succeeds John Brock as agent here. He is well known here and has a host of friends who wish him success in his new field. He is maintaining a live sales agency and giving the business the benefit of his energy and experience.

Considerable interest has been aroused in the Baylor Choral Club to appear here Saturday night March 24 at the Yoe High School building. Miss Louise Adams of Cameron is a member of the Club and her many friends here will be delighted with her appearance. On Sunday morning March 25 the club will sing at the Baptist church and Dr. J. C. Hardy will preach.

Miss Sallie Kate McLane had as a week end guest, Miss Smith of Taylor.

BARGAIN LIST TO INCLUDE HUNDREDS OF HUGE VALUES

AUCTION BLOCK TO SELL AUTOMOBILES AND MANY ARTICLES OF MERCHANDISE

Monday April 2 will be Trades Day in Cameron and in consequence all the merchants are uniting to make this day one of merchandising history.

There will be no distinct or spectacular attractions in the way of entertainment but the day will be featured with selling prices never before equalled by any trade effort inaugurated by merchants.

In the morning as well as afternoon the municipal band will furnish music and friends will exchange greetings as the hundreds gather here for the "First Monday" trading.

The auction block will be the storm center of bargains. It is known that a number of dealers will certify automobiles to go at auction prices and this combined with other contributions will make the day stand out in history.

Farmers and stockmen will bring their commodities to town on that day and trading and selling will be carried out on a large scale.

Last trades day hundreds came to see the Tibbs fliers and to buy from the merchants. Many more are expected here on First Monday in April.

ALFRED E. BRADY TO SPEAK AT PRESBYTERIAN CHURCH SUNDAY NIGHT.

Alfred Brady, who has recently returned from doing Y. M. C. A. service in Turkey and Syria will make an address on those lands at the Presbyterian church on Sunday evening at 7:30. Mr. Brady not only was in the Y. M. C. A. service but traveled extensively in the East, and is qualified by rich personal experiences to speak to our people entertainingly and helpfully on the problems and conditions of these troubled lands. He has been looking at and experiencing some of the things we have only read about. Come out and hear him.

MISS NAIOMA BOUCHER VISITS IN CAMERON.

Miss Naioma Boucher of Waco returned to her home Thursday after a visit here with her brother, Horace Boucher. Miss Boucher is well known here and friends recall with deep regret the tragic manner in which she came to be linked with the trial of Roy Mitchell for a series of murders. The negro killed the companion of Miss Boucher, in Cameron Park, Waco, several months ago. She was held with her two brothers by Ranger Shumate and taken to Dallas but later returned on demand of the court and exonerated of all connection with the crime.

Miss Boucher escaped from the negro after he had killed young Skipworth and she has aided the state in clearing up one of the most revolting chains of crimes in the history of the county.

Fred Graves of Rockdale was a Cameron visitor this week.

COMPLETES 5 YEARS IN MINISTRY HERE

REV. H. R. MACFADYEN HAS FOUND LARGE PLACE IN CAMERON LIFE.

Tuesday Rev. H. R. MacFadyen, pastor of the Presbyterian church in Cameron completed his fifth year as pastor of the church. He came to Cameron five years ago from Oklahoma and remarked that on his arrival here Texas was in the bloom of spring unlike the severe cold experienced during the past few days.

Rev. MacFadyen as pastor of the Presbyterian church here has found a large place of service both as a minister and citizen and his contribution to the religious and social life of the city has been large. The church has prospered and blessings have attended his ministry.

The people of Cameron trust that many more years will find him still a citizen of the city and occupying the high place in which he has come to be loved and respected by the people.

DISSATISFACTION IS VERDICT ON CONGRESS.

The late Congress has been thoroughly reviewed by the press as have been the two years of the Harding administration. The partisan Republicans have pronounced their panegyrics and the partisan Democrats their requiems, and when all is said and done one big fact stands out. Dissatisfaction with the Congress and the administration are much in evidence.

The very big taxpayers did not get as much reduction of taxes as they expected; the slight increase in exemptions to the little taxpayers is many times offset by the increase in customs taxes and the consequent increase in the price of everything they have to buy.

The retail merchants, great and small, are dissatisfied with the new tariff because they find it difficult to explain the increase in prices to their customers. They also find that customers are inclined to economize in buying, and this is especially true of the clothing trades.

The farmers complain of the low prices for their products; at the lack of foreign markets and the failure of Congress to do anything to give them cheaper fertilizer, or to settle the transportation problem.

Wages are undergoing liquidation, and the workmen are not happy in such circumstances.

The cost of living has not been reduced and the average citizen feels disappointed. Those who have suffered from the coal shortage this winter are resentful.

The veterans of the late war do not think they have had a square deal, and the care of the sick and disabled soldiers is now under investigation.

The shipping interests which expected to get Uncle Sam's merchant marine for a song with a big bonus thrown in are not pleased with the late Congress, although they still rest their hopes in the President and Mr. Lasker to let them have the ships under favorable conditions.

An administration which finds the country in this state of dissatisfaction at the end of two years, and a Congress which goes out of existence in such circumstances cannot be said to have been a great success.

Men and women of independent thought and Republicans who are not imbued with intense partisanship will have to admit that both the President and the Sixty-seventh Congress have disappointed the reasonable expectations of the people.

SUGAR PROFITEERS GOUGE PUBLIC.

Shrewd Republican politicians like Senator Smoot, of Utah, appear to have assessed the effect which the present exorbitant price of sugar is likely to have on their party and have endeavored to exonerate the Fordney-McCumber profiteers' tariff and the Republican administration. Disclosures in connection with the rise in sugar make it clear, however, that the manipulators and speculators who have taken \$200,000,000 or \$300,000,000 from the pockets of the American people in the last few weeks found their opportunity in Republican legislation and departmental administration.

The duty of 1.7648 cents a pound on Cuban sugar gave the profiteers an excuse for adding 2 cents a pound to the retail price, and they did it promptly. The stockjobbers and manipulators subsequently forced the cost still higher—to about 10 cents a pound in the interior sections of the country—by circulating false reports that there was a shortage of sugar.

In a bulletin issued by the Department of Commerce the speculators found a convenient and persuasive argument on their side and in favor of a big increase in prices. This bulletin carried a heading announcing: "Production for 1923 only 125,000 tons higher than last year. Consumption needs estimated at 725,000 tons above production."

This "bullish" statement from a department of the Federal Government was a great windfall for the stockjobbers and gamblers. There were millions in it for them.

By way of defense of his party and himself Senator Smoot made a patriotic speech and himself in connection with this orgy of profiteering, speech of some 20,000 words to excite in one of the commonest necessities of American homes Senator Smoot's brother is superintendent of a big refining corporation and he himself has been a conspicuous advocate of a tariff "to protect the beet sugar industry."

Croquage of sugar beets in Colorado and other western States are in progress and hastening. These sugar beets are sold to the beet sugar industry at a price that was supposed to make them prosperous. Once the Sugar

Trust got the farmer's beets at ruinous prices and turned them into sugar, the cost was boosted rapidly. On the one side the raw product was bought at the lowest possible figure and on the other side the commercial sugar was sold at the highest price, with one exception, in 50 years.

FLOWERS FOR THE LIVING

This is a practical world and we are a practical people. But there is such a thing as being too practical, too hard-headed, too business-like. If our indulgence in these homely virtues takes from rather than ministers to, our well being and happiness, they are virtues out of place.

It is American doctrine to "be shown." We don't want to buy a "pig in a poke." When we employ a man we pay him to do a job. We demand that he labor his eight hours for his pay. He must earn his bread by the sweat of his brow. If we can get someone else to do it for less, so much the worse for the man we had and whom we now fire!

And so we say to our doctors, our inventors, our investigators, our men of research, our professors, our scientists, "by all means invent and discover, and delve, and dig up new things for the benefit of all of us. If you do, you can sell them to us. But don't neglect to make your own living while you discover or invent, otherwise you'll starve!"

It never occurs to us (the few, very few, positions in this country in which a man can make a living while engaged in research work are not enough to count)—it never occurs to our Government to say to erudite man of learning "here is five thousand dollars a year for life. Go ahead and eat and drink and clothe yourself and your family and forget the battle for existence. Use all your time, all your talent, all your enthusiasm to invent, discover, dig and delve, that we may all have the benefit!"

Of course, after they are dead we raise hospitals and call them Walter Reed, and erect statues to S. P. Langley, but while they live we don't give our really great investigators, inventors, scientists and discoverers a real chance. No, sir. They have to make a living first. Every man must stand on his own feet! This is a practical country!

"The Battle Ground of Reason"

A WORD TO THE FORMERS OF MILAM COUNTY.

Farmer beware, you are going to be misled once more by being told there is a cotton shortage, that you can't possibly supply the demand for the next two years, and that cotton will bring sky high prices. For that reason we are advised constantly to increase the cotton acreage. Why all this talk and advice to we farmers? Is it because some interest wants to see the farmer prosper? No; this talk comes from the New York Cotton exchange, and is meant to fill the already full bank of Wall Street to overflowing. Stop and think what it all means to you who grow the cotton, if you plant everything to cotton you are at the mercy of one of the most cold-blooded corporations the Southern farmer has to deal with.

Were you to reason the matter wisely you would readily see there was acreage enough planted to cotton in 1922 if it had made an average yield to have run the price down to 12c per pound. Plant plenty of feed and truck, live at home, and we will be in a position to say what our cotton is worth.

Yes, I invite your attention to the Farm Labor Union, the first and only real farmers union, where farmers do not go outside of their own organization for help or advice. We are two years old, with some 300,000 members and are inclined to take an optimistic view of the success of the union and the good we expect to accomplish.

U. P. BOSWELL,
Route 1, Tanglewood, Texas.

Mrs. J. D. Cone and grandson, Luie Turner, spent the week end in Gause the guests of Mr. and Mrs. John Henry Thomas.

Mrs. J. F. Chadwick and little son Frank spent this week in Groesbeck the guests of her aunt, Mrs. R. M. Lyles.

NEGRO KILLED IN FALL FROM TRAIN

KENNIE MILLER DIES FROM INJURIES SUSTAINED NEAR MILANO SUNDAY.

Kennie Miller, 23, negro, died in the Santa Fe hospital Sunday night following injuries sustained in an accident when he fell from a moving Santa Fe freight train near Milano Sunday morning.

Miller was engaged in work on the Milano road project and caught a freight train coming to Cameron Sunday morning when he fell and the car wheels cut off one leg and otherwise inflicted injuries. The Santa Fe passenger train which came along an hour or so later was held until Dr. M. C. Sapp of Cameron arrived to administer to the wounded man. He was taken to the Santa Fe hospital at Temple where he died Sunday night. The body was brought back to Cameron Monday and was taken to Minerva for burial. He was the son of Louis Miller, tenant on the Baskin farms near the city. He is survived by his widow and two small children.

MAYSFIELD NOTES.

The northern Sunday morning surprised us all and still continues to be very cold.

Scott McGuire was a visitor in Cameron Saturday.

Saturday evening Misses Pardo and Roark called to see Miss Eva Butts who has been on the sick list for quite awhile.

Misses Marguerite and Janie McCulloch were visitors in the Cooper home Friday night.

We had some very interesting volleyball here Friday afternoon. The Maysfield girls beat the Branchville team; but the Branchville boys beat our boys. We are going down there next Friday with the intention of winning.

Mrs. Harvey Bozeman began a music class in the auditorium Monday morning. This is quite an addition to our school and we hope to see the class grow.

Our pupils are very busy now getting ready for the County Meet.

Mrs. John Thwait's baby is still very low.

Misses Elise Tyson, Emma Rae

FORMER DISTRICT ATTORNEY-PIONEER, U. S. HEARRELL, DEAD.

(Continued from page one)

and later graduating from the law department of the University went to Coke county where he was later elected county attorney, serving with distinction.

After his admission to the bar and service as county attorney of Coke county, he came to Milam county where he entered the practice of law and in 1896 was elected District attorney serving until 1900. He then engaged actively in the practice of law.

He married Miss Lola Lewis in 1894 and is survived by his widow and two children, one son, Jack Hearrell and one daughter, Louise Hearrell.

Entering actively in the practice of law after a successful career as District Attorney he became widely known throughout the state as a lawyer and his practice was large. He took a wide interest in civic affairs and affairs of state and was therefore distinguished for services rendered both as an official and citizen.

In 1920 he was elected Mayor of Cameron, serving two years in that office during which time his characteristic energy was given to the affairs of the city. He would not consider re-election because of the demand of his practice and private affairs.

Mr. Hearrell recently returned from a tour of the West, visiting California and Utah and other western states in the interest of his practice. He saw important witnesses in Los Angeles in connection with litigation he had instituted against the Southern Pacific Railroad system. Shortly after his return he was confined to his home and later removed to the sanitarium where he died on Wednesday morning.

He remained cheerful to the end, a persistent characteristic of his nature and death came to him in the serene accent of the sunlight as it fades out along the peaks into gold.

Newton and Nell and Lois Mays spent the week end at home.

Mr. and Mrs. Charlie Wilkerson are moving back to Branchville.

Mrs. Evard, mother of Will Evard is visiting in Norwood for awhile.

"The Romance of Philis" was a decided success Friday night, regardless of so much sickness in the community and the bad weather. Some of the members of the band were absent but we enjoyed the music of those present. Several have requested them to reproduce the play.

SUNSHINE.

on, somber twilight. Enshrined in the hearts of the hundreds who knew and lived him for his great nature, he died, his human faults written upon the sands, his virtues preserved forever upon the marble shafts of memory.

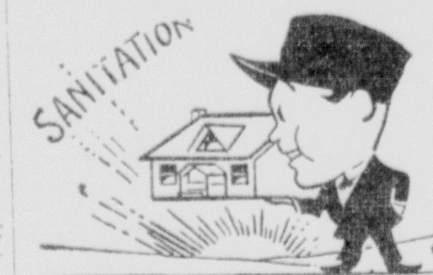

Messrs. Jerry Wilkerson, Roy and Julian Baskin spent a few days the past week in Corpus Christi on a fishing trip.

666

Cures Malaria, Chills and Fever, Dengue or Bilious Fever.

C. R. Phillips who has been in Marlin for the past two weeks for his health has returned to Cameron much improved in health.

LOUISIANA GRAND JURY RETURNS NO KLAN BILL

MOOREHOUSE PARISH DISORDERS PASSED OVER BY JURY

EFFORT TO FIX BLAME ON KU KLUX KLAN BY COCO FAILS.

Bastrop, La., March 15.—No indictments were returned by the Morehouse Parish grand jury in connection with the slaying of Watt Daniels and T. F. Richards on Aug. 24, last and various hooded band activities, which the jury has been investigating for the last 10 days. The jury's report was given to District Judge Ford Odom late Thursday.

Attorney General Coco and two of his assistants left here before the grand jury made its report. Coco stated early Thursday that in event no indictments were returned he would file bills of information against certain persons named at the open hearing here in January as having participated in mob activities. He did not state, however, whether this action would be taken immediately.

In its report the grand jury referred to the masked band case as "the deplorable crime of August 24," and stated that while it had gone thoroughly into the affair it would find no evidence that would warrant the indictment of any individuals.

A violent storm raged the greater part of the afternoon and when the jury entered the courtroom at 4:50 p. m. there were few spectators present.

The report was as the greater part of the people of Bastrop had expected and little comment was offered by citizens.

"As to deplorable crime of Aug. 24, 1922, when five men were kidnapped on the highway of Morehouse parish, we have carefully considered all the evidence brought before this grand jury as to the activities of masked and hooded men," the report states in part. "The majority of this body are of the opinion that the evidence furnished was not sufficient to warrant the findings of true bills against any particular party."

"As to reports published in certain newspapers that friction has developed between the grand jury and the Attorney General and his

assistants, we wish to brand same as absolutely false and unfounded. The relations between the individual members of this grand jury and the Attorney General and his staff have at all times been pleasant and harmonious.

"Some 125 witnesses have been examined during the session and we have inquired into all matters reported to us, having returned seven true bills on matters aside from the mob case. We find little law violation except in the case of prohibition law and in several of these the district attorney has already filed bills of information."

Attorney General Coco and George Guion, assistant, left Bastrop today prior to the grand jury's report. Mr. Guion said it was not likely that Mr. Coco would have any statement to make as to the grand jury's report. Senator Howard Warren of Shreveport, special counsel for the State in the Mer Rouge cases, was present in court when the report was filed but left immediately for Shreveport without issuing any statement.

New Orleans, March 15.—Assistant Attorney General T. Semmes Walmsley, who questioned many witnesses at the open hearing at Bastrop, said Thursday night he could not speak with authority until he had conferred with Attorney General Coco, but that he believed the State would act at once in presentation of affidavits against persons suspected of being implicated in the Morehouse Parish murders.

"I am very much surprised at the news," Mr. Walmsley said. "The State had counted on indictments at least for the lesser offenses."

"The public can feel assured that Attorney General Coco will take prompt action in the matter. There are several courses open to the State."

Mr. Walmsley declared he believed there were sufficient grounds on which the State could obtain a new grand jury. He declined, however, to name these grounds.

AMERICA'S FIRST BATHTUB.

(BY GEO. A. REID.)

Seven feet long, four feet wide, built of mahogany and weighing seventeen hundred and fifty pounds—this was America's first bathtub. It was so heavy that the floor of the room in which it stood had to be reinforced and strengthened. It was designed by its owner, Adam Thompson, of Cincinnati, and made by a local cabinetmaker. It created a violent discussion in the Cincinnati papers as to whether it was dangerous to health many doctors affirming that "it invited rheumatic fever, phthisis, and inflammation of the lungs."

Adam Thompson, the designer, was a rich grain and cotton dealer, who got his idea abroad, says H. L. Menden, in his account of the man and his inventions. While he was in London he learned that the Prime Minister had a bathtub in his home—a "glorified dish pan," it was called. Thus Thompson came home with a new idea, and started to put it into practical form. This was in 1842.

Modern plumbing being unknown at that time, he who would have a tank of this kind in his house must put a hand pump into his well. In fact, practically all houses had wells or cisterns of their own. Thompson's next thought was for the tub itself. It must be of wood of course. He built a cypress tank in the garrett. So large was it that it took six negroes to keep it pumped full. But at its best, unheated bath water afforded rather cool comfort, so the tub maker, being ahead of his age in more respects than one, set about supplying heat. He rigged a coil of pipes in the chimney, so that heat from the large grate fires warmed the water.

On December 20, 1842, Thompson had a party of gentlemen to dinner, and boasted so of his bathtub that four of them, including a French officer, tried it for themselves. Next day the story was in the papers, and then the fun began.

That is, it seems like fun today, but it was earnest enough then. The doctors attacked the bathtub on the ground of health, and the politicians opposed it as an obnoxious and luxur-

ious toy from England, designed to corrupt American simplicity. In 1843 the Common Council of Philadelphia considered an ordinance to prevent any such bathing between November and March. The ordinance failed by only two votes. In the meanwhile, the legislature of Virginia laid a tax of thirty dollars a year on all bathtubs that might be set up, and special and very heavy water rates were also laid on them. Boston actually passed an ordinance forbidding the use of bathtubs except on medical advice.

But it soon was a dead letter, for in 1850 the President of the United States decided to have a bathtub in the White House. Millard Fillmore, it seems, when Vice President, had visited Cincinnati as the guest of Adam Thompson, had taken a bath in the famous tub, and had liked it so much that when he succeeded Taylor, he invited bids for a White House bathtub. It was made by Hayer and Gellespie of Philadelphia, and was of thin cast iron. It remained in the White House, by the way, until Cleveland became President, when a more modern contrivance took its place.

Before twenty years had passed over Adam Thompson's bathtub,

every hotel in New York was advertising one, and some hotels actually had three! Today America has almost forgotten her bathtubless days.

NEW POSTMASTER TAKES CHARGE AT THORNDALE.

Mr. Surry Boles, the newly appointed postmaster, took charge of the Thorndale Postoffice on Sunday morning, succeeding Mr. J. T. Fulcher who retires after fifteen years in the postal service here, about 10 years of which time he spent as postmaster and the other nine years as rural route carrier out of Thorndale, being the first carrier on either of the Thorndale routes when the rural free delivery service was established at Thorndale. Thus ends, for the present at least, the official and noteworthy career of a conspicuous and peculiarly likeable citizen, who was courteous by nature, accommodating by practice and honest and fair in all his dealing with the public by inheritance—"like father like son," so to speak. At this time Mr. Fulcher has not determined just what his business activities will be in the future.

Mr. Boles, the new postmaster, is

not only a native Texan, and reared in this community, but in the Nile community, a few east of Thorndale. He is a thoroughly equipped business man, an expert bookkeeper, and at the present time a half interested partner in the Norris & Boles Grocery business of Thorndale. He is by inclination slow of speech but prompt in action, "coming slowly to the banquet of his friends but quickly to their aid in service." He will make good.—Thorndale Champion.

Coal--Grain--Feed

We have five cars of coal in our bins, and it must be sold, we are going to sell it at cost plus handling charges.

We have both the Montevallo and McAlester Fancy Lump, this is the best coal that can be bought for any price.

We have on hand, ear corn, maize heads, both seed and feed oats, hay, chops, bran, wheat screenings, shorts, shelled corn and chicken feed, etc.

When in the market call and get our prices before buying as we have the goods and can sell cheaper than anyone as our expenses are less and we are here to stay. We deliver Coal, Wood and Feed Stuff.

ALL SALES STRICTLY CASH.

R. L. Batte Grain & Fuel Co.

Waco Commercial College

P. H. Burney, President.
Expert Commercial Stenographer
Bookkeeper and Teacher.

Horace Pickett, Secretary
Public Auditor, Expert Accountant.
Endorsed by our Higher Courts.

We daily hear business men say, College graduates can not keep books.

WE GUARANTEE OUR GRADUATES CAN KEEP ANY SET OF BOOKS—EITHER DOUBLE OR SINGLE ENTRY.

WHEN WE PLACE THEM, WE HOLD THEM IN PLACE.

Our Mr. Pickett has been for many years employed by Counties, Cities and many of the largest commercial houses in our State, as Auditor, Adjuster, and Expert Accountant.

WE GUARANTEE quick results in Shorthand, in the easiest, fastest, oldest, most practical, and BEST SYSTEM IN THE WORLD—THE PITMAN.

WHO SAYS THAT?

U. S. Government report shows 1,883 PITMAN systems in the Government employ in Washington. 561 writers of all other systems combined. Which means that over 75 per cent write the PITMAN system. 91 per cent of all Reporters in U. S. write Pitman. All official Reporters of both Houses of Congress write PITMAN. Ninety eight per cent of all official reporters in N. Y. State write PITMAN. Proved by official figures of records of National and State Reporters Shorthand Association. Graham, Barnes, Munson, Dement and thirty-seven others are pure PITMAN.

We do not turn our students over to Subs. We give them our personal attention and TEACH THEM.

FEBRUARY RECORD ON CATTLE DIPPING SHOW PROGRESS BEING MADE.

Fort Worth, Texas, March 19.—Nearly 1,500,000 head of cattle were dipped in Texas during February in the eradication of fever ticks, according to reports received here by the Bureau of Animal Industry and the Live Stock Sanitary Commission of Texas. The monthly status report of Dr. Harry Grafke, inspector in charge of Texas for the bureau, which had just been completed, shows 209,475 head of cattle dipped in final clean up work, 29,343 head dipped in preliminary work and 1,151,971 head dipped in systematic work.

The tick eradication campaign is divided into three sections in the report as follows:

Preliminary—12 counties 29,343 head of cattle dipped, 7,295 head of cattle found infected, 3 dipping vats constructed.

Systematic—77 counties, 1,151,971 head dipped, 14,858 head found infected, 16 vats built during month.

Final—66 counties, 209,475 head of cattle dipped, 551 head found infected, 91,862 head of cattle quarantined.

It is probably that the dipping schedule for March will see the total number of cattle passing through dipping vats doubled, according to Dr. Grafke.

ROCKDALE C. OF C. CLAIMS CREDIT FOR BETTER BUSINESS.

Rockdale, March 18.—In making a resume of the year 1922 for the secretary's annual report, executive secretary C. F. Drake finds that the business interests of Rockdale alone have been benefited to the extent of not less than \$250,000 by the development of the Rockdale Minerva oil field, for which the Rockdale Chamber of Commerce claims no small part of the credit.

Local banks show increased deposits of around \$50,000 each resulting from oil field business; all merchants report a good total of sales; real estate men are richer by several thousand dollars. There are more than 200 employees in the field, and drawing good wages they circulate several thousand dollars of new money every month.

Rockdale's share of the business is exclusive of that enjoyed by Cameron and Minerva, each of which places get a healthy share of the oil field wealth.

The annual election of Chamber of Commerce will be held Tuesday night, March 20, a new board being voted on, the members casting their ballots by mail.

The organization has been under the administration of Dr. Hirman T. Coulter, and has much constructive effort and no little accomplishment to its credit.

MAY PROVE FATAL

When Will Cameron People Learn the Importance of It?

Backache is only a simple thing at first;

But if you find 'tis from the kidneys;

That serious kidney troubles may follow;

That dropsy or Bright's disease may be the fatal end,

You will be glad to know the following experience.

'Tis the statement of a Cameron citizen.

Mrs. Kristina Werner, Nolan Ave., says: "For years, Doan's Kidney Pills have been my only kidney medicine. Whenever my back hurt, I couldn't do my work and sometimes I had dizzy spells, when I stooped to pick up anything. Doan's Kidney Pills have always stopped all this after I have taken them a short time. I have often told my friends how good Doan's are."

is a Prescription for Colds, Fever and LaGrippe. It's the most speedy remedy we know, preventing Pneumonia.

Ouch! Lumbago Pain! Rub Backache Away

Instant Relief with a small trial bottle of old "St. Jacobs Oil."

Kidneys cause Backache? Not! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacobs Oil." Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Oil" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

Rub old, honest "St. Jacobs Oil" whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.

HUDSON-ESSEX BREAKING ALL PRODUCTION RECORDS

Hudson and Essex are breaking all records for sales and output. From all indications, the 1923 season will be at least 50 per cent. more active for them than even the phenomenal year of 1922. And they are setting a new mark for all motordom to shoot at by devoting 75 per cent. of their production to enclosed cars—mostly the Hudson and Essex Coaches which have enjoyed so remarkable a reception.

These are the high spots of a statement on business just made public at the Hudson plant in Detroit. Despite the increase in production, the Hudson and Essex plans are to keep the number of body-types to a minimum. In the line will be only seven cars in all—for Hudson and three Essex cars. These are:

HUDSON—Four and seven passenger open cars, Coach and Sedan.

ESSEX—Five passenger open car, Cabriolet and Coach.

"The motor car business is becoming much more stabilized," a factory statement declared. "The public is buying cars for utility, thus when a type of car is discovered which is useful to a very great proportion of motorists, it puts one-purpose cars out the running."

"The National Automobile Chamber of Commerce has just completed a questionnaire which it addressed to 20,000 motorists. It discovered that 60 per cent. of these expressed a definite preference for enclosed cars. Cars are wanted which are useful every day and in all seasons. It is our belief that more than 60 per cent. of 1923 buyers will prefer enclosed cars, and that the trend toward this type will grow rapidly."

"Our two coaches have now been on the market a year. They have been approved by a discriminating and highly competitive market in the world. Their usefulness is almost universal, and we have every reason to believe that they will continue to merit the approval of the motoring public."

SHERIFF'S SALE.

THE STATE OF TEXAS
County of Milam.

By virtue of a certain Order of Sale issued out of the Honorable District Court of Milam county, on the 6th day of March 1923, by Penn Wolf, Clerk of said Court against C. D. McCall for the sum of Seven Hundred Fifty-one and 68-100 (\$751.68) Dollars and costs of suit, in cause No. 8711 in said Court, styled Temple Truck Company versus C. D. McCall et al, and placed in my hands for service, I Drue S. Rogers, as Sheriff of Milam county, Texas, did on the 6th day of March 1923 levy on certain Real Estate, situated in Milam county, described as follows, to-wit:

All of the right, title and interest of said C. D. McCall in and to 227-3-10 acres of land out of the George Lee 1280 acre survey in Milam county, Texas, known as the F. M. McCall home place, located about six miles north of Cameron and about one-half mile west of Walkers Creek church, the interest of said C. D. McCall being an undivided one-

eighteenth interest; and levied upon as the property of said C. D. McCall and on Tuesday, the 3rd day of April, 1923 at the Court House door of Milam county, in the City of Cameron, Texas, between the hours of ten a. m. and four p. m. I will sell said land at public vendue, for cash, to the highest bidder, as the property of said C. D. McCall, by virtue of said levy and said Order of Sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Cameron Herald a newspaper published in Milam county.

Witness my hand, this 7th day of March 1923.

45-4t DRUE S. ROGERS,
Sheriff of Milam County, Texas.

MARRIED 50 YEARS.

John Angel who lives about 5 miles north of Cameron near the Ben Arnold public road was in Cameron Saturday. Mr. Angel has been a citizen of this county since 1876. He and his good wife will celebrate their golden wedding on April 10th. They were married in Tipton county, Indiana. They have had born to them 10 children 8 of whom are living, have 17 grand children and 2 great grand children. Mrs. Angel's maiden name was Ploughe. They are devoted members of the Baptist church and have one son a minister in it. The Herald wishes them continued good health and happiness.

SHERIFF'S SALE.

Notice is hereby given, that by virtue of a certain Order of Sale and Execution issued by the Clerk of the Justice Precinct No. 7 Court of Dallas County, on the 18th day of November 1922, in a certain cause wherein Sears, Roebuck & Co., plaintiffs, and Mrs. Ida Davis defendant, in which cause a judgment was rendered on the 18th day of November 1922 in favor of the said plaintiff

Sears, Roebuck & Co., against said defendant, Mrs. Ida Davis for the sum of Seventy-Four and 36-100 (\$74.36) dollars, with interest thereon at the rate of 6 per centum per annum from date of judgment together with all costs of suit, I have levied upon, and will, on the first Tuesday in April 1923, it being the 3rd day of said month, at the Court House door in Cameron, Texas, within the legal hours, proceed to sell for cash to the highest bidder, all the right, title and interest of Mrs. Ida Davis in and to the following described property, levied upon as the property of Mrs. Ida Davis, to-wit:

One Silvertone Phonograph and 18 records.

As it existed on the 10th day of June A. D. 1921.

The above sale to be made by me to satisfy the above described judgment for Seventy-Four and 36-100 dollars, in favor of Sears, Roebuck & Co., together with the costs of said suit, and the proceeds applied to the satisfaction thereof.

47-4t DRUE S. ROGERS,

Sheriff Milam County, Texas.

MOTHER! MOVE CHILD'S BOWELS

"California Fig Syrup" is
Child's Best Laxative

Hurry mother! Even a cross, sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleans-

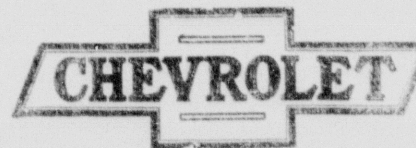

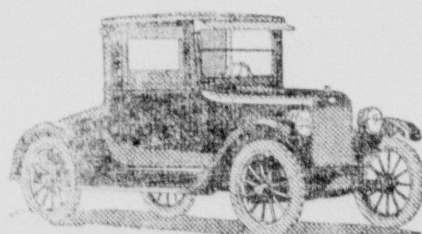

ing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

CLUB VOTES FOR BETTER HIGHWAYS IN MILAM COUNTY

STATE AID ACT BRINGS ADVANCE IN PROPOSED ROAD WORK.

Directors meeting of the Cameron Commercial Club, Friday night, March 16th:

The Cameron Commercial Club met Friday night in directors session with one of the largest crowds of the year present, including a number of visitors.

Roll call showed the following officials present:

C. W. Lawrence, president; Moulton Cobb, secretary.

J. T. Parma, Robert McLane, W. G. Gillis, W. M. Cobb, C. R. Phillips, W. O. Triggs, O. M. Smith, C. W. Bradbury and Geo. T. Graves, directors.

C. A. Sprott, T. S. Henderson, Jr., Dan Tyson and S. A. Cottle, committee chairman.

W. G. Gillis of the good roads committee stated that about a year ago the Cameron Commercial Club took up the matter with the State Highway Department of resurfacing the gravel road from Ad Hall to Minerva. By virtue of a new law, the state will appropriate \$60,000 in the aggregate for the building of this road if the people will vote a bond issue for an equal amount. Mr. Gillis pointed out that the state also would maintain this road, as well as all other state aid roads. In view of the fact that much of this road was in Little River bottom, he considered that it was expedient and economical for the people to vote a 21 cent bond issue for this road. He added that the Cameron district had but a 40 cent road tax, which was extremely low.

George T. Graves, chairman of the good roads committee, declared that the time was opportune to make every effort to secure the state highway aid. He said that he thought there would be little opposition to the matter.

Robert McLane said that "we can not afford to pass this proposition up."

Oxshier Smith stated that "it looks good to me."

W. O. Newton declared that at Milam County they have a \$1.50 road tax, and didn't have much in the way of roads, either.

J. T. Parma said that practically all of the Germans and Bohemians had automobiles and that they would be in favor of the bond issue. He predicted that it would carry.

Will O. Triggs stated that "it would be a great relief to the county," and also ventured the opinion that it would carry.

Upon motion from Geo. T. Graves and seconded by S. A. Cottle, it was passed that the club go on record favoring the proposed bond issue, and that it would circulate a petition calling for the election, and perform other necessary details incident to carrying the election.

Robt. McLane stated that he would make a definite report concerning the Jones Prairie road at the next meeting night. Various suggestions were proffered by T. S. Henderson, Jr., and others as to the best way of building the road.

Ray Robinson and Walter O. Newton were elected to membership of the club.

W. M. Cobb reported that the special fair committee met on Tuesday night, and beg to make the following report:

"Mr. C. W. Lawrence, President Cameron Commercial Club:

"We, your committee on the annual Milam County Fair, beg to report as follows:

"At a meeting held Tuesday night the committee after due deliberation, instructed the chairman to ask the Commercial Club to appoint a committee or committees to raise the sum of \$2,500 to finance this year's

fair. That a liberal premium list be arranged, so as to encourage a full display of pure bred livestock as well as agricultural products and that other attractions be secured that will bring ten thousand people to Cameron for the Fair.

"Respectfully submitted, "W. M. COBB, Chairman."

After prolonged discussions, the report was accepted.

Will O. Triggs said that his committee was active in making arrangements for the annual banquet of the Cameron Commercial Club on Tuesday night, March 27.

J. C. Tucker, a member of the committee, said that he sold 21 tickets out of 23 people approached.

DOSS THOMAS A SUBMARINE CHASER, IS AT HOME.

Doss Thomas, son of Mr. and Mrs. Elwood Thomas, of the Gano community, who for the past four years has served Uncle Sam on a Submarine Destroyer, is at home for an indefinite stay, he having served his enlistment in the navy. During the four years Doss has visited the four corners of the earth, including the holy lands, and has witnessed many interesting scenes and places. His father, who was in town Monday, says Doss has a collection of money of every nation on the globe almost and many thousand of pieces of Russian money, which as he says, will almost make him rich if Russia ever gets on her feet, which he believes very probable. He relates very interesting experiences he had during the four years and much of what he says would make a very instructive lecture.

Mr. Thomas says Doss received \$200 a month, his clothing and his cats and it is very likely that he will re-enlist and go back into the service after a rest here for a short period.

AUTOMOBILE DEALERS
RESPONSIBILITY INCREASE
WITH SALE OF CARS.

"The increasing responsibility of car dealers is an evolution which is making more than a merchant out of an automobile dealer," says G. C. White of the White-House Motor Co.

"People are learning that the real automobile dealer recognizes his obligation to provide whatever may be needed from time to time to enable

the car to deliver what the maker built into it.

"Most dealers in the various things people buy, exist only to sell the article. But the automobile dealer today is coming to be also a source of supply for the man who has already bought a car.

"After a man buys a car, he begins to buy mileage. And he expects his dealer to have an ample stock at all times of the things which constitute 'low operating cost.'"

ROASTING EARS TO BE
RAISED AT THORNDALE.

Thorndale, March 18.—Charles A. Davis, cashier of First National Bank who is sponsoring a movement to interest farmers in planting a portion of their land to early white corn with a view to shipping green corn or "roasting ears" to the Eastern and Northern markets, says that a sufficient number of farmers have agreed to the plan and that it is assured that a buyer will come here and superintend the gathering, packing and shipping of the corn.

The farmers have been guaranteed 75c per bushel in the field, the buyer, Crockett of Austin, agreeing to gather, pack and ship the corn.

Piles Cured in 5 to 14 Days
Painless refund money if PIAZO OINTMENT fails to cure itching, burning, bleeding or protruding Piles. Instantly relieves itching Piles, and you can see the first improvement.

HEAD STUFFED FROM
CATARRH OR A COLD

Says Cream Applied in Nostrils
Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passage of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No straining for breath at night; your cold or catarrh disappears.

Get a small bottle of Fly's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

HUDSON AND ESSEX DEALER TELLS WHY OF CLOSED MODELS.

"It is now quite the proper thing to have an inclosed car, and the trend of the times is constantly in this direction," says George Ayres, a local dealer for Hudson and Essex cars. "Just not the number of Hudson and Essex coaches you see in traffic; more than 40,000 have been sold.

"Once upon a time the only people who could afford inclosed cars were the very wealthy, but when the many comforts and conveniences of the inclosed car were appreciated by the motoring public, the manufacturers of the more popular priced cars began to place upon the market some extraordinary values in the inclosed types.

"Two of the greatest values of 'his nature ver placed on the market are the Hudson and Essex coaches, beautiful inclosed cars at about the same price of an open car. The coaches

won instant favor, and they are constantly increasing in popularity.

"Because of their all-weather usefulness the demand for these cars is very urgent. Owners realize the absolute comfort of the closed car plus the Hudson-Essex reputation for economy of operation."—Houston Post.

No Worms in a Healthy Child
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or digest the worms, and the Child will be in perfect health. Pleasant to take. 75c per bottle.

EVANS' Corner

This corner is devoted to business, politics and general news.

We promised you last week that we would tell you about a new instrument just purchased, but it would be hard to explain its workings so that you could understand it. There are three important things it is very helpful in determining:

Whether or not you need glasses; if you have any muscular trouble; and if your glasses suit you. There are other features, but these are very important to know.

In the meantime, Brethren of the City Council, have you got the back bone to let the people vote and elect our school trustees?

If you haven't, some day we will elect a council that will. If you think I am by myself in this matter, just ask your neighbor what he thinks about it. What right has the Ku Klux Klan, the Knights of Columbus, the Cemetery Association, the Parent-Teachers Association to endorse a man for school Superintendent? Let the Board be free to select the best man for the place.

And then let me fit glasses to all who have defective vision.

GUS EVANS Jeweler and Optometrist

Geo. A. Thomas & Sons, Drug Store.

LAND SALE

At 2 p. m. Friday April 6, 1923.

I will receive sealed bids for 71 acres of the Mrs. Lizzie B. Wilson land, located South of Bear Creek on Cameron and Tracy road 2 miles from City of Cameron.

Terms—One tenth cash, balance in ten annual payments with 7 per cent interest.

Right reserved to reject any bid.

JEFF T. KEMP

Executor of Will of Mrs. Lizzie B. Wilson, deceased.

QUALITY GROCERIES

AND PROMPT DELIVERY.

IT'S a wonderful combination if you can get both at moderate prices. And that's the situation you will find in this Store. Everything we buy is chosen with the utmost care and sold to you with a service that is second to none.

SEEDS THAT PRODUCE THE FINEST PRODUCTS.

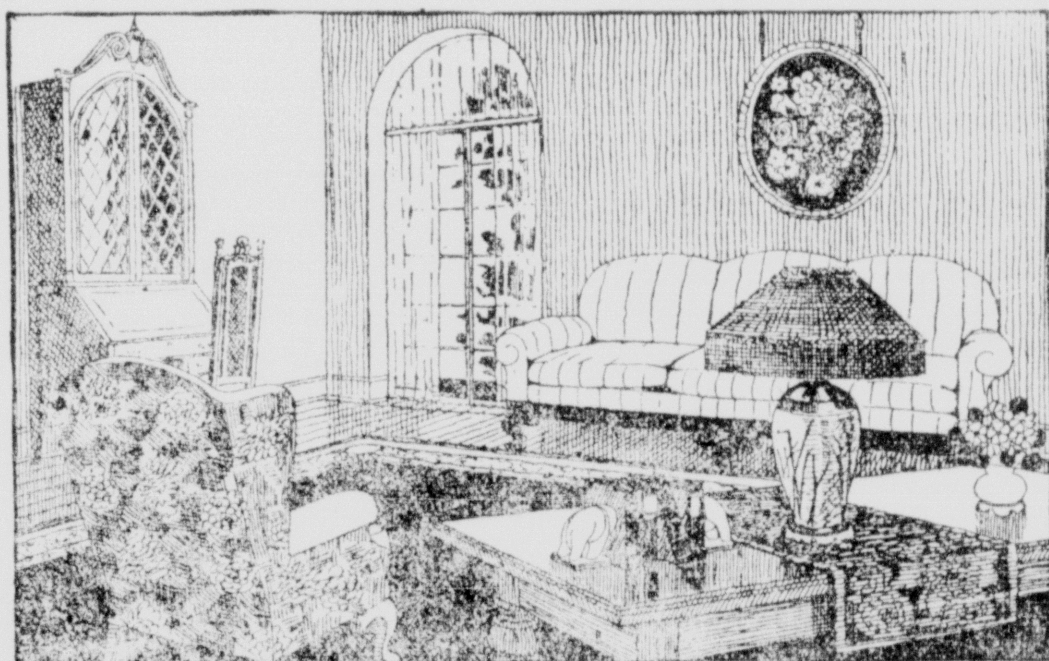

THERE is a difference in seeds! What you want is the difference—and that is the growing of the produce and not into a LEAVES!

Have Kidneys Examined By Your Doctor

Take Salts to Wash Kidneys if
Back Pains You or Bladder
Bothers

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year.

ROCKDALE NEGRO KILLED BY TRAIN

BUMPED FROM TRACK BY SUNSHINE SPECIAL, AGED NEGRO SUCCUMS TO SHOCK.

Humphrey Wiggins, age 108, one of Rockdale's old-time negro citizens, died Sunday night as the result of being struck by the Sunshine Special last Friday afternoon.

The accident occurred near the telegraph tower when Wiggins stepped from a side track over on the main line, and was standing watching a freight train take the siding. While so engaged the I. & G. N. fast train—the Sunshine Special—struck him. The negro was very deaf, which fact probably is partially responsible for the tragedy.

The pilot of the engine picked the old man off the track and tossed him to one side, and a medical examination given soon afterward disclosed no broken bones, although there were several minor cuts about the head and face. The attending physician stated at the time, however, that on account of the negro's age he would hardly survive the shock, and this opinion was confirmed by his death Sunday night.

The undertaker's record shows the old man's age to be 105 years, but his wife, Rebecca, who survives him, and who is herself above 90, states that Wiggins was more than 50 years old when she married him in 1865. This would seem to establish his age at above 108.

Wiggins had been living in Rockdale for many years; of recent years about the only work he had was a few chores done for the Hale Hotel. He is said to leave descendants representing four generations.—Rockdale Reporter.

TEXAS ROADS TO BENEFIT BY TAX

FUNDS DERIVED FROM AUTO LICENSES TO BE USED FOR ROAD BUILDING.

The increased cost of automobile licenses under the bill passed by the Legislature will not be an unmitigated burden on the auto owner, E. C. Blesi, president of the Dallas Automobile Club, declared.

"While the new law will increase the cost of auto licenses, in some cases almost tripling the present tax, the funds will be used for the building and maintenance of roads and as soon as the bill becomes effective we should see a wonderful activity in road building and repairing throughout the state.

"Although the Dallas Automobile Club fought the passage of the original bill, we were in favor of it with the Williamson amendment attached" Mr. Blesi declared.

The Williamson amendment cut the schedule of taxes, as proposed in the original bill, approximately 50 per cent.

The following table, as worked out by Mr. Blesi, shows the tax on the various model cars that will be effective January 1, 1924, under the new law:

Make of Car	New Tax
Auburn	\$18.89
Apperson	27.55

FORMER THORNDALE GIRL DIES AT ROBSTOWN.

Miss Cecil Ruth McBurnett, the first child to bless the home of Mr. and Mrs. K. G. McBurnett, came to earth Oct. 11, 1905, to leave Feb. 20, 1923 at the age of 17 years, 4 months, and 9 days. The McBurnett family moved to South Texas about 3 years ago and the children were placed in Petronila High School.

Cecil graduated from grammar school May 28, 1920 with Mr. H. M. Roark as teacher.

She was a senior in High School and would have graduated in May. She was absent from school only seven days with appendicitis when the death angel came. She is survived by her mother, father, two sisters, Catha and Jesse, two brothers, Milford and William, and an uncle, aunt and grandmother who have lived with the family for several years.

Cecil yielded her life to Jesus when she was quite young and went trustfully back to the one who gave her.

Beside the immediate family Cecil leaves a large circle of friends who can each one say they are better for having known her.

Watch child's health. Doctors say rickets and other deficiency diseases prevalent. Ironized Yeast will bring your child back to normal health. Recommended and guaranteed by Jackson & Reed Drug Co. (H)

MITCHELL IS GIVEN SENTENCE OF DEATH

WACO JURY RETURNS VERDICT
OF GUILTY IN NINE
MINUTES.

Waco, Texas, March 17.—Deliberating only nine minutes, the jury in the case of Roy Mitchell, negro, charged with the murder of W. E. Holt, white, returned a verdict of guilty and assessed his punishment at death, in the Fifty-Fourth District Court room here tonight.

Loud handclapping greeted the verdict.

Monday Mitchell is to be placed on trial on a charge of murder of Mrs. Ethel Denecamp, who was automobile riding with Holt the night he was killed, five miles southeast of Waco, on Jan. 19 last.

The cross-examination of Mitchell occupied most of this afternoon. The negro was subjected to a severe grilling, but maintained throughout that he was innocent of the killing of Holt.

On the stand the negro asserted that County Attorney Farmer had told him that he was doomed to die. He admitted that he had been tried here for shooting off a white man's arm. Mitchell said that all of the statements contained in the statements signed by him were true except those portions wherein it was declared that he had killed any one or assaulted any white woman. "I made these statements," addressing County Attorney Farmer, "to get your influence not to have me hanged."

The County Attorney came back: "I told you you would be hanged."

The negro testified that he did not sign the statements of his own free will and accord. He said he made up his mind to deny the statements when he "found the County Attorney was not going to keep his promise to help him."

Counsel for defense introduced a statement alleged to have been made by the negro, admitting that he killed Mr. and Mrs. W. H. Barker and 13-year-old Homer Turk, a few miles northeast of Waco, in February of last year. They also declared it was the record of the court here, and affirmed by the Court of Criminal Appeals, that two other negroes had been convicted for this triple killing.

Judge Munroe refused to permit the statement to be introduced.

After the defense rested, County Attorney Farmer took the stand and asserted that the story related by Mitchell as to cruel treatment in the Hill county jail was false; that he had made no promises to Mitchell, but had told him that he saw no avenue of escape for the negro from the gallows.

During his cross-examination Mitchell said that he had not been mistreated in the jail here.

Admitting on the stand that the signature attached to statements alleged to have been made by him was his, Roy Mitchell, the defendant, declared that the assertions that he had killed W. E. Holt and four other white people, one of them a woman, Mrs. Ethel Denecamp, companion of Holt, during an automobile ride, when he was killed on Jan. 19 last, were not true. Mitchell swore that he had made the confessions by rea-

son of bodily fear, and as a result of promises that had been made to him.

The defendant testified he reached his home about 8:30 o'clock the night Holt and Mrs. Denecamp were killed, and that he remained there until 5 o'clock the next morning, when he went to work. He declared that a shotgun found in his home was the property of his brother-in-law, Chas. Wilson, and that it had been in his (Wilson's) house two weeks prior to the double killing. Mitchell said he had a hammerless shotgun, which was pawned.

Mitchell said that an effort was made by County Attorney Farmer to get him to sign a statement soon after he was arrested, on Jan. 29 last, and that, when he refused, he was put in a dark cell, kept for an hour, then brought out and questioned again, then put in the jail's "bull pen," and then taken to Hillsboro the following day. While in jail in Hillsboro the negro said that water was thrown in his face, pins stuck in his body and lighted matches held against his flesh, in addition to having some of his hair jerked out. He also testified that the Sheriff of Hill County beat him with a billy and that the Hill county jailer kicked him on the nose when he fell out of a chair through weakness.

Several days after he was brought back from Hillsboro, Mitchell testified, County Attorney Farmer asked him if he wanted to clear up the series of murders that had been committed in McLennan county, telling him that "he had enough evidence on which to hang him. The negro declared that County Attorney Farmer told him that if he "came clean" and told the truth, that "he would not go to the gallows; that the grand jury met on March 5; that he would be indicted two days later and soon thereafter would be in his casket."

The negro said that Mr. Farmer told him "we don't owe you any

courtesy; the people want you and we're going to let them have you if you don't come clean."

The negro testified that County Attorney Farmer and Sheriff Stegal came back later and that he "made up his mind to confess to please them so he wouldn't be hanged."

"I knew I was innocent, but couldn't stand any more punishment," said the negro.

Mitchell testified he feared if he did not confess that he would receive the same treatment here which he said had been accorded him in Hill county. He swore he was told in Hillsboro that mob would get him when he came back to Waco.

Mitchell also said on the stand that the statement he had made and signed relative to having killed Mr. and Mrs. W. H. Barker and 13-year-old Homer Turk, a few miles northeast of Waco, more than a year ago, was not true.

23 SERIES BIG-SIX TOURING CAR \$1750

Many people make the mistake of buying a car without enough seating capacity.

Then when they want to take their friends along, the children have to sit on someone's lap, the foot space is all jammed up with luggage, and everybody is crowded and uncomfortable.

The Studebaker Big-Six Touring Car has two comfortable auxiliary seats that fold out of the way. It is a big, roomy five-passenger car except when you need it for seven, and then it's a comfortable, convenient seven-passenger car—something which a five-passenger car can never be. And there is still room for the luggage.

Come in and look at the Big-Six Touring Car. No matter how much you pay we don't believe you can find a more satisfactory car.

Its reliability has been proved in the service of thousands of owners. Correct design, highest quality of materials and precise workmanship are evident throughout every detail of its construction. Equipment is complete—even to an extra disc wheel with cord tire, tube and tire cover and bumpers, front and rear.

The name Studebaker is assurance of satisfaction.

PROGRAM READY FOR BANQUET OF COMMERCIAL CLUB

MOULTON COBB AND OTHERS TO
SPEAK—TICKETS BEING
SOLD.

Extensive plans are being made by the committee for the Cameron Commercial Club annual banquet which is to be held on Tuesday night, March 27, in the basement of the Methodist church at 8 o'clock. The committee consists of Will O. Triggs, chairman; J. C. Tucker and F. R. Dunlap. This committee is selling tickets for the occasion for \$1, and 200 are expected to be present at the banquet.

Luther A. Johnson, congressman from this district, has accepted an invitation to be here that night and to address the club. Congressman Johnson, who Saturday returned from Washington, is the new representative of this district, succeeding Rufus Hardy. Mr. Johnson is a real orator and will have an inspiring message to deliver.

Lee J. Rountree, editor of the Bryan Eagle, and a member of the Legislature from Brazos county, also will address the club. Mr. Rountree is one of the best orators in Texas. He is prominent both state and nationally in journalism, having served as president of the National Editorial Association. He was orator of the Texas Press Association last year. It will be a treat to hear him.

W. G. Gillis, an enthusiastic member of the club and former county judge of Milam county, will act as toastmaster. Mr. Gillis has served in this capacity upon numerous occasions here, much to the delight of those around the banquet board.

The famous Medsker's orchestra will play for the banquet and Prof. Medsker will render a violin solo. Miss Eloise Rogers, a Cameron girl who recently has won considerable distinction as a soloist, will sing a couple of popular songs.

The first speaker of the evening will be Moulton Cobb, the secretary of the club, who will make an address on the subject "What Cameron Has."

Hon. T. S. Henderson, one of the most delightful and forceful speakers in the state, will play the young man's part and address those at the banquet on "What Cameron Will Have."

Congressman Luther Johnson will then speak on "Co-operation."

Hon. Lee J. Rountree will close the program with his address.

GENERAL MALONE TO COMMAND CITIZEN'S TRAINING CAMP.

Announcement has been made at Headquarters Eighth Corps Area that Brigadier General Earl B. Malone, now commanding 2nd Field Artillery Brigade, will command the Citizens' Military Training Camp at Fort Sam Houston which is to start July 30th and end August 28th.

General Malone graduated from the U. S. Military Academy in 1894 and his career in the Army has been one of distinguished service and broad experience. He is a veteran of the Spanish-American War, the Philippine Insurrection and the World War, and his many decorations include the Distinguished Service Cross, the Distinguished Service Medal, the Legion of Honor and the Croix de Guiere.

General Malone has had much experience in the training of young men and is looked upon as an authori-

ty on that subject in the Army. He was an instructor at West Point from 1901 to 1905. He commanded one of the first Citizens' Military Training Camps held in this country at the Presidio, San Francisco in 1915. The camps of today are the outgrowth of the success of this first camp and the similar ones held at Plattsburg, N. Y. Early in 1917 General Malone was placed in charge of the Training Camps in the Central Department to produce Officers for the World War. He remained on this duty until going overseas with the first American forces where he was made Assistant Chief of Staff G-5 at General Pershing's Headquarters. There he had charge of the training of the American Forces in France.

General Malone has expressed himself as being delighted with his assignment and has already started work of building up his organization for the various activities of the camp.

UNIVERSITY OF TEXAS STUDENT HAS GOOD RECORD.

J. Tell Richardson, of Greenville, who entered the University last fall following his graduation from Burleson College, has an unusual record for each of his three college years. His preparatory training was received at Wesley College Academy. On matriculation at Burleson College in the fall of 1921 he was chosen by the Pallas Club of Greenville as recipient of their scholarship for the year, and in addition to that, he was elected editor-in-chief of the college student publication. His record for 1921 was such that he was again awarded the Pallas Club Scholarship. He was also elected editor-in-chief of Burleson's year-book, "The Cotton Boll," for the year 1921.

Young Richardson will complete his pre-medic year and will enter the School of Medicine of the University of Texas at Galveston next fall, taking with him enough credits to enable him to take the degrees of Bachelor of Science, Bachelor of Arts, and Doctor of Medicine, from that institution on the completion of four years work at Galveston. He has many friends in Austin and Greenville who will watch his future progress with much interest.

The above party is the youngest brother of Miss Clara Richardson, the popular ready-to-wear saleslady of the firm of Cheeves Bros., here.

Miss Richardson's home is in Greenville but since coming to Cameron, over a year ago, has made many close friends who will rejoice with her over the unusual record that young Richardson has made, and the public will probably hear more of this young man in the future.

To Cure a Cold in One Day
Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 30c.

MILAM COUNTY BAPTIST WORKERS' CONFERENCE HOLDS INITIAL MEETING.

The Baptist of the county have organized a Worker's Conference to meet once a month. The purpose of the Worker's Conference is to bring together the members of every church in the county to plan the work, and to advance it on a larger scale.

The Baptist have a missionary who gives of his time to the work of this county exclusively. This denomination is the only one doing the work on this scale. The Baptist also have a Mexican Missionary who devotes all of his time to the Mexican population. Hundreds of these people have been led to Christ through our Mexican Missionary's efforts.

The Worker's Conference will keep every church in the county in constant touch with the work that is being accomplished, and through it all programs of the county will be promoted.

This conference has the following organization: Rev. G. S. Tumlin, pastor of the Baptist church of Rock-

dale, Chairman, N. O. Kennedy of Ben Arnold, Secretary.

The next meeting of the Worker's Conference will meet in Cameron on April 21st. One of the most successful Missionaries that the Baptist Conference has sent to the Foreign Field will be the speaker for the day. Dr. Powell spent forty years in the Foreign Field. Everyone is invited to attend this meeting.

N. O. KENNEDY, Sec'y.

To Stop a Cough Quick

Take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey in the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Each remedy are packed in one carton and the cost of the combined treatment is 55c.

Just ask your druggist for HAYES' HEALING HONEY.

IF SICK TODAY! TAKE NO CALOMEL

"Dodson's Liver Tone" Straightens You Up Better Than
Salivating, Dangerous Calomel and Doesn't Upset
You—Don't Lose a Day's Work—Read Guarantee

I discovered a vegetable compound that does the work of dangerous, sickening calomel and I want every reader of this paper to buy a bottle for a few cents and if it doesn't strengthen you up better and quicker than salivating calomel just go back to the store and get your money back.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your thirty feet of bowels of the sour bile and constipation poison which is clogging your system and making you feel miserable.

I guarantee that one spoonful of this harmless liquid liver medicine will relieve the headache, bilious-

ness, coated tongue, ague, malaria, sour stomach or any other distress caused by a torpid liver as quickly as a dose of vile, nauseating calomel, besides it will not make you sick or keep you from a day's work.

Calomel is poison—it's mercury—it attacks the bones often causing rheumatism. Calomel is dangerous. It sickens while my Dodson's Liver Tone is sane, pleasant and harmless. Eat anything afterwards, because it can not salivate. Give it to the children because it doesn't upset the stomach or shock the liver. Take a spoonful tonight and wake up feeling fine and ready for a full day's work.

TRACK MEET

Friday Afternoon Yoe
High School

MARLIN VS. YOE HIGH

The Yoe High Cinder Pathers will have their first chance to show their stuff to the people of Cameron Friday afternoon at 3:30 o'clock.

Marlin High is coming with a bunch of good track and field men. They are reported to be especially strong in the dashes, so you may see some exciting track events with such men as Baggett and McCall doing the dashes for Yoe High.

This meet is a preparatory meet for the County Meet next Friday and Saturday.

Plans are now going forward and the biggest meet in the history of this county is anticipated.

The track and all equipment is now ready and in first class condition. Yoe High School promises a meet to the people of this county that will go a long ways toward making track one of our most popular sports.

SATURDAY AFTERNOON.

Place—Cameron Base Ball Park.
Time—2:30 o'clock.
Event—Base Ball Game.

ROCKDALE HIGH SCHOOL

—vs—

YOE HIGH SCHOOL.

Purpose of the Meet

Many of us do not know just what the University Interscholastic League is and for what purpose it was organized and put into operation.

In 1910 at the State Teachers' Meeting at Abilene the University Interscholastic League was organized. During the first year its activities were confined to debates among a few of the larger high schools of the state. The importance of such an organization among the schools of Texas was soon realized; consequently it began to grow very rapidly. We may now look back over these thirteen years of this organization's life and sum up its growth. In 1910 it began with 28 school members, confining its work only to debates; now in 1923 there are about 5000 member schools and the following activities are supervised: Foot ball, base ball, basket ball, track, tennis, volley ball, debating, declamation, spelling, essay writing, music, memory contests, plain writing contests, and many other athletic and literary events that are of interest to every good student.

This League is the most highly organized and has the largest membership of any similar organization in the United States. Its purpose is to organize and direct desirable school activities, and thereby assist in preparing pupils for citizenship. The organization should have the co-operation of every citizen of Milam county and every school, no matter how small, should become an active member.

Coming to
Cameron
Dr. MELLENTHIN

SPECIALIST

in Internal Medicine for the
past twelve years
DOES NOT OPERATE

Will be at
AUDITORIUM HOTEL
Tuesday, March 27th
Office Hours—10 a. m. to 4 p. m.

ONE DAY ONLY
NO CHARGE FOR CONSULTATION

Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the State of Texas.

He visits professionally the more important towns and cities and offers to all who call on this trip free consultation, except the expense of treatment when desired.

According to his method of treatment he does not operate for chronic appendicitis, gall stones, ulcers of stomach, tonsils or adenoids.

He has to his credit wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney, bladder, bed wetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers and rectal ailments.

If you have been ailing for any length of time and do not get any better, do not fail to call, as improper measures rather than disease are very often the cause of your long standing trouble.

Remember above date, that consultation on this trip will be free and that his treatment is different.

Married women must be accompanied by their husbands.

Address: 336 Boston Block Minneapolis, Minn.

COLORED SCHOOLS HOLD BIG MEET IN CITY ROCKDALE

DIRECTOR BARTLETT GIVES ACCOUNT OF PROGRAM RENDERED.

For inspiration, intermingling and real old time picnic pleasure the meet at Rockdale beggars description.

Being a school function it was expected that a number of patrons throughout the county would be present. But the continued interest manifested by the patrons, judging from their attendance upon these meets, enables one to conclude that a very sane majority of the colored people of Milam county vie with the white people in the belief that the county is safe and the peace and prosperity of remotest posterity are assured in the proportion that we encourage the management of our present public school system.

They reason, that a day invested in child encouragement yields dividends in good manners, in politeness and in better citizens; hence, more money and more time are invested in the children than formerly; which the Rockdale meet plainly showed.

At 9:45 Director General began presentation of schools. The ceremony of which was as follows: Each school with teacher assembled around small elevated platform, above which the flag floated. After naming school and faculty, the school sang, gave its yell, then retired.

When all schools had been presented the spelling contest began. There were three, viz: Senior, Junior and Sub-Junior. In these contests all schools compete, there being no consideration as to class of schools; age of competitor being the only qualification. All contests were conducted orally and since so many patrons and friends are interested, two churches and school building were used.

The Senior spelling was won by Miss Louise Miller, Rockdale school, Junior spelling, Floyahsti Coleman, Cameron school; Sub-Junior, Gladys McCullough, Hanover school. Interest and enthusiasm were so high that capacity houses witnessed all three of these contests.

Dinner was had immediately after spelling contest. Schools were served in alphabetical order. All enjoyed the splendid dinner.

Next was the athletic. Every school of the county had a competitor in one or more of these contests. The results were as follows:

50 yard dash, boys, Zettie McDaniel, Pleasant Grove.

50 yard dash, girls, Bessie Harmon, Cameron.

Running broad jump, Sylvester Rogers, Pleasant Grove.

Industrial Exhibit was best in the history of the meet:

First prize class A school, Cameron.

Second prize class A school, Rockdale.

First prize class B school, Branchville.

First prize Rural school, Port Sullivan.

The night exhibition in singing and declamation was a record breaker both in attendance and enthusiasm. The singers had been trained to blend their voices in harmonious unison, and the listener either felt sad or laughed as the sentiment of the song dictated or as the singer desired. Their notes like love shots went straight to the heart—the spot of the performer's aim. Judges made no report. Director, Mrs. F. D. Roland.

Declamations, Mrs. R. E. Hall director.

Rural schools—Senior girls, Leola Brayant, Branchville.

Senior boys, J. Allen Petty, Pleasant Grove.

Junior girls, Pearl Brown, Gause.

Junior boys, Ransom Wells, Branchville.

Essay Writing, class A school: Hester Williams, Cameron. Rural school; student of Davilla.

Senior declamations girls, Miss Lucile Kendle, Rockdale.

Senior boys, Jessie Shields, Rockdale.

Junior girls, Elizabeth Brown, Cameron.

Quite a sprinkling of white friends were there. Supt. Jim F. Chadwick spent a great part of the day at the meet.

The address by Prof. C. H. Waller, State head of extension was both instructive and interesting with a casual vein of humor. He was introduced by Mr. A. M. Smith, County Agent.

Place and date of next meet will be considered at next Tri-Co-Teachers Institute, Caldwell, Texas.

JAS. W. BARTLETT,
Director General.

MRS. B. E. ROBINSON,
Secretary.

TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes
Trouble Almost Over
Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.

***** + TWENTY-FIVE YEARS AGO + TODAY. + FROM FILES OF THE + CAMERON HERALD. + *****

John L. Sullivan announced that he will be ready for another fight next year.

Prohibition carried in Johnson County by a majority of 700. The City of Cleburne gave a pro majority of 150.

The Japs are still drubbing the Chinese.

Dr. C. W. Macune has his machinery up and in running order, and got out the second issue of his paper last Tuesday afternoon.

We are in receipt of the first issue of the Daville Tribune, published by A. R. Pool, R. L. Stewart and Paul Vitmar. We cheerfully place it on our exchange list and wish for the enterprise much success.

Col. R. Lyles has been spending the week at home, having been requested by the citizens subscription committee to remain so that the contract for the railroad shops could be closed as soon as the papers can be arranged in proper form. Col. Lyles has been a true friend to Cameron in this very important matter, which friendship he manifested in a very substantial manner.

Mr. and Mrs. T. S. Henderson are having their new home, the late Cofer property renovated, and when finished will be one of the most delightful residences in the county. Mrs. Henderson has mainly directed the work and the result will be due her judgment and taste.

Members of the legislature are daily receiving letters from all parts of the state calling for a constitutional convention.

An offer was submitted to Cameron this week looking towards the construction of a compress here before the opening of the next cotton season. It is regarded as almost an assured fact. It is to be built mainly by foreign capital and will cost about \$65,000.

City Marshal Batte arrested a negro in this county last week who is charged with murder committed in Brazoria county three years ago. He has baffled the authorities all this time. The sheriff of Brazoria was notified and came for the man. He was proud to get him and Lee Batte is satisfied with his effort.

Last Monday Governor Culberson appointed Hon T. S. Henderson regent of the State University in the place Amory Starr of Harrison county, who resigned. A better selection could not have been made because the University has not a stronger friend in the state than Tom Henderson.

Mr. J. I. Kemp has been appointed postmaster at Branchville, this county, in place of W. C. Looney, resigned.

Galveston bay froze over last week and fish were picked out of the water in considerable numbers, being chilled by the cold.

During the recent freeze the Brazos river froze over, the ice being thick enough at some places to sustain the weight of a horse.

Last week a book agent, C. M. Wilcox, committed suicide by taking morphine at a hotel in Rockdale. He was beyond middle age and was out of money.

Miss Mamie Arnold, student of Baylor College, Belton, won the prize consisting of a collection of valuable books for the best essay on the occasion of the fiftieth anniversary of

that institution on the first instant. The honor was voted to her by her class, consisting of about twenty members.

Mr. John Watson has become associated with Mr. J. S. Hefley in the insurance, real estate and loan agency business and will be found in the office up stairs over the Hefley furniture store during business hours. They have a large sum of money which they can place on black land farms at a low rate of interest. They will write insurance, life or fire, in the best companies. Remember them when you wish to take out insurance or renew policies.

TWO YEARS OF LADDIE BOY. (By Himself)

I hear a lot of people say this administration has gone to the bow-wows. Well, that only proves what I have been saying ever since I have been in the White House: Politics is a dog's life.

So far, I appear to be the only member of the administration that has made good.

Nobody has criticized me for broken promises. I have carried out all three planks in my platform—breakfast, dinner and supper.

I have not been criticized on the tariff, probably because I favor putting all the raw material I consume on the free list.

None of my folk have criticized me on taxation; they all know I am opposed to the dog tax, and that I have always been for the under dog.

While other members of the administration have been boasting that they are 100 per cent American, I frankly admit that I am Scotch, and that makes a hit with some people.

Nobody has criticized me for talking too much and doing too little. If I ever get to be President all members of my Cabinet will have to wear muzzles. I'll put one on Jim Watson, too.

Nobody has criticized me for being a "Yes" dog.

Nobody has even criticized my whiskers.

I have a big advantage over Lasker, Fall and the other "bone-pullers" of this administration. Whenever I pull a bone, I bury it. I burned Hughes' foreign policy one day along with another "bone" where Lodge can't get at it. Now you understand why people are saying Hughes has no foreign policy.

Well, here we are at the ninth hole, but it's a long way yet to the nineteenth. Anyway the Boss has two things to be proud of—me and his best golf score.

The Boss has gone to Florida and left me alone here. The country is safe at least for the summer.

LADY GOT SO WEAK COULD SCARCELY STAND

After Suffering From Many Female Troubles This Lady Heard of
Cardui and Took it, She Says, "Until I Was Well."

"SOME TIME AGO," says Mrs. Buena McFarland, of R. F. D. 2, Bostic, N. C., "I suffered a great deal with weakness common to women.

I had bearing-down pains, my sides and back hurt, and my limbs drew. I would get so weak in my knees I could scarcely stand.

"I was very nervous, and could not eat. I didn't feel like eating. I grew thin, and did not have ambition for anything.

"I had been trying other remedies . . . but did not get any better.

"Some one told us of Cardui, and at it was recommended for. I also

KINSMAN OF LORD PRAISES TANLAC

ROBERTS DECLARES IT RESTORED HIM TO HEALTH AFTER MONTHS OF SUFFERING.

"I don't wonder that so many people are praising Tanlac for restoring their health, because it has done the same thing for me and I feel duty bound to tell others, is the statement made the other day by William Stanley Roberts, 715 Locust St., Kansas City, Mo., traveling representative of the Forbes Seed Co., of Newark, N. J. Mr. Roberts is a native of Southampton, England, and a kinsman of the late Lord Robert, famous British soldier.

"Gas, heartburn, sourness and shortness of breath after eating caused me much hardship. I lost my appetite completely, was going down in weight and terrific headaches, pains in my back and biliousness helped make my miseries about all I could stand.

"But the Tanlac treatment put me in such fine trim I can now easily withstand the wear and tear of constant traveling, haven't a sign of indigestion, sleep soundly and have a mountain of energy. I believe Tanlac is the best medicine made."

Tanlac is for sale in all good druggists. Over 35-million bottles sold.

WACO NEGRO PLEADS NOT GUILTY TO CONFESSED CRIMES

RANGERS GUARD COURT HOUSE
AS ROY MITCHELL'S TRIAL
OPENS.

Waco, Texas, March 15.—Probably all records were shattered in McLennan County Thursday for the selection of a jury in the trial of an important murder case. Thursday morning at 9:30 the case of Roy Mitchell, negro, charged with the killing of W. E. Holt, white, five miles southeast of Waco, on the night of Jan. 19, last was called and by 4 o'clock in the afternoon the jury will try him for his life had been chosen.

In a clear, firm voice Mitchell pleaded not guilty, after the indictment had been read to him. Though the witnesses in the case were excused early Thursday morning, it was decided, after the jury had been selected, to present such testimony as was available at that time. Accordingly, the confession alleged to have been made by Roy Mitchell to County Attorney Farmer and Sheriff Leslie Stegall, on the night of February 8, last, was offered in evidence and read.

In this confession, signed by Mitchell, he declared that he killed Holt with a shot gun and that he then criminally assaulted Mrs. Ethel Dene-camp, who was automobile riding with Holt the night he was killed, after which, the negro asserted in the statement, he killed the woman.

The statement declared that Holt's body, after death, was fastened to an auto and dragged to the place where it was found. Counsel for defense said no objection would be offered to the form of the confession if it was statutory. Notice was given by the negro's attorneys that the confession would be challenged, later, on the ground that the defendant, at the time he made the confession, was in fear of serious personal injury and probable death.

County Attorney Farmer, on the stand, swore that he told the negro, on the night of February 8, when the confession was made, that he wanted no statement unless it was voluntary. He testified that he told the negro that he had enough evidence to convict on several different charges of murder; that he didn't have to make a statement unless he wanted to, and that he warned Mitchell that any statement he might make could be used against him.

Jurors and their occupations are: J. H. Adams, music dealer; Coleman Chapman, farmer; J. M. Humphries, farmer; W. U. Taylor, traveling salesman; J. A. Putsch, farmer; W. H. Yowell, farmer; Frank Crippen, grocer; J. E. Peters, oil man; T. J. Alexander, farmer; Francis Upchurch Jeweler; E. W. Davis, farmer; J. W. Sedberry, superintendent of mails, Waco, Postoffice.

In interrogating the jurors, they were asked the usual questions as to

whether or not they had any conscientious scruples relative to the infliction of the death penalty, and whether they would be prejudicial towards the defendant by reason of his race. The jurors were selected from a special venire of 75 men. One negro on the venire was promptly challenged by the prosecution.

The trial of Mitchell on a charge of killing Mrs. Dene-camp was also set for Thursday, but it was decided to try him first in the Holt case, and the special venire of 75 men, summoned to select a jury in the case involving the murder of the woman, was excused until next Monday morning.

It is expected that the present trial will consume the remainder of this week.

Besides two Rangers, at least 20 men, designated by Sheriff Leslie Stegall as deputies, were in the courtroom when the trial of Mitchell began Thursday in the 54th District Court. In addition to officers on duty at the doors of the court room downstairs, and in the balcony section, who searched every person who entered the courtroom, special deputies were seated within the rail separating the court from part of the room assigned to the public.

Mitchell, not handcuffed, was

brought into the court room by Sheriff Stegall, Deputies Jackson and Willis, and Ranger J. B. Wheatley and O. B. Chesshir. The latter took seats on either side of the negro.

All benches in the court room were occupied and extra chairs were utilized but no one was permitted to stand.

Thirty or more white women were seated downstairs, while a few were in the gallery. One of those present Thursday morning was the mother of one of the victims that Mitchell is charged with criminally assaulting and whose escort was killed on the night of November 20 last.

At least 75 negroes occupied places on the east side of the balcony.

Outside of the court room, in the lobby, a crowd gathered.

WILL REBUILD THORNDALE BURNED DISTRICT AT ONCE.

The contract for the construction of new buildings on their business lots to replace the ones destroyed by fire February 4, was let on Wednesday of this week to the Mutual Lumber Company, of Thorndale, by Messrs. John Moerbe and J. M. Gilchrist. Both buildings will be modern and conveniently arranged

and 30x120 feet, constructed of brick with glass fronts. The Moerbe building will have a balcony somewhat similar to the one destroyed by fire. Work was begun on the preparing of the ground for the work on Thursday of this week.

The Thorndale State Bank building which was also destroyed by the same fire will soon be begun, we understand, but the plans are being drawn by the architect and the contract will not be let for several days yet. Thus all buildings destroyed will be rebuilt and the old town will blossom out in a new dress within the next few months. It all goes to reaffirm the often repeated statement that "you can't keep a good man or a good town down."—Thorndale Champion.

Habitual Constipation Cured in 14 to 21 Days

J. D. DOBBINS The Man Who Saves You Money

Blacksmithing and Horseshoeing

Wood work a specialty, M. R. Joe Hamble, Sr., is the workman of the wood department. If it's anything that can be made of wood Mr. Joe Hamble, Sr., can do it no matter how small are big or nice, or hard to be made, he can make it. See us for your wood work. Cameron, Texas.

E. J. Sebesta

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus ridding the disease completely. It is used in all cases of Eczema, Itch, Rash, Oak and better, do not fail, also for relieving measures rather than the cause of chills, often the cause of ECZEMA trouble. Remember above—it is one of the most successful remedies that his treatment is. Large size \$1.00. Married women in St. Louis, Mo. accompanied by their husbands. Address: 326 Boston Avenue, Minneapolis, Minn.

HAVE DARK HAIR AND LOOK YOUNG

Don't Stay Gray. Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied, with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural

color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through the hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color, and looks glossy, soft and beautiful.

LOCAL AND PERSONAL

Mrs. Hugh McKinney, teacher at Jones Prairie, was a week end visitor in Cameron.

Willie Lee Hause of Batton Rouge, La., left here for his home Saturday night. Willie Lee formerly lived here and has many friends in and around Cameron who were glad to see him.

Misses Florence and Lois Baker of Ad Hall visited friends here last week.

Mrs. E. A. Brady visited her daughter, Mrs. John Thwaitt at Maysfield last week.

Ed. House who holds a responsible position with the Gulf Refining Co., at Port Arthur, left Saturday for his home after a few days visit with relatives here.

Messrs Nolan Robinson and William Ludwick, of Ad Hall were Cameron visitors last week.

Miss Susie Butts after a pleasant visit with home folks at Maysfield has returned to Cameron.

Mrs. John Henry Thomas and children of Gause, visited her parents here this week.

Ed. Gavenda visited friends in Dallas last week.

Rev. Ira E. Key returned Saturday from Bay City where he conducted a two weeks meeting.

RED PEPPER FOR RHEUMATIC PAIN

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once. When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone. Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

L. F. Gohmert of Cuero, DeWitt county, was in Cameron Tuesday on business. He will soon open a business in Cameron in the Mondrik building on the west side of the court house square.

Mrs. H. C. Henderson and daughter, Miss Minnie Henderson, of Burlington, visited friends here Saturday.

Mrs. R. L. Batte, Jr., is visiting her sister in Houston this week.

PARENT-TEACHERS ASS'N.
The Parent-Teachers Association met at the Yoe High School Wednesday at 4 p. m., with a more than usual number of members present. In the absence of the President, Mrs. B. F. Atkinson presided. The club enjoyed a talk by Mr. Harper on the advantages of a course in public speaking, and some very worth while things were brought to our attention. There was some discussion as to the time for affecting a federation of County Associations. A motion carried to leave the matter with the County Chairman, Mrs. Camp, a meeting to be held in Cameron for such purpose when a suitable time is found.

The local Association is much interested in the Inter-Scholastic Meet to come off March 30 and 31, and expressed its willingness to help out in any way it could. We had a good meeting but earnestly desire the co-operation of more parents. Come out and grow enthusiastic.

Mr. and Mrs. Charlie Pollard and children spent the week-end in Waco visiting with relatives.

Mr. and Mrs. L. E. Massie of Waco were week end guests of Mrs. R. H. Johnson. Mrs. Massie will be remembered here as Miss Ola Sheffield.

CHILDREN.

I like 'em in the winter when their cheeks are slightly pale, I like 'em in the spring time when the March winds blow a gale; But when summer suns have tanned 'em and they're racing to and fro, I somehow think the children make the finest sort of show. When they're brown as little berries and they're bare of foot and head, And they're on the go each minute where the velvet lawns are spread, Then their health is at its finest and they never stop to rest, Oh, it's then I think the children look and are their very best. We've got to know the winter and we've got to know the spring, But for children, could I do it, unto summer I would cling; For I'm happiest when I see 'em, as a wild and merry band Of healthy, lusty youngsters that the summer sun has tanned. —E. G.

ST. PATRICK PARTY.

The home of Judge and Mrs. Jeff T. Kemp was the setting for one of the most originally planned affairs of the social calendar for the past week, when they threw open their spacious home on North Travis Ave., for a St. Patrick's free will offering given by Circle No. 2 of the ladies of the Methodist church. St. Patrick colors were featured in festoons, shamrock leaves on walls, mantle mirrors, electric globes, with harps, for the decorations. Famous Irish characters were on hand; "Widdy Maloney" and daughter, "Norie," the omnipresent Irish policeman and the old fashioned accordion player, Mrs. Ira F. Key had charge of the program, and among the most laughable numbers was the "Irishman's Jubilee," song by Mr. J. L. Clinton. The Irish potato contest for making the most perfect representation of an animal, bird, etc., was fine. The Judges declared that Mrs. M. M. Johnson's turtle was the most perfect, while Miss Juanita Stafford's turkey came second. Under the direction of Mrs. Key and Miss Delphyia Scott a series of Irish jokes, which were handed the guests, after being lined up, were read which created a round of fun and laughter. Next, these two ladies took charge of the "Blarney Castle" where the "Blarney Stone" was located. One by one each guest tested out the ancient custom of kissing this stone, which assured them in the future of being witty, affable, prosperous and happy. This was a scream from start to finish. The hostess, assisted by a number of the circle, served the guests with brick ice cream, in color scheme, and angel food cake.

FORTY-TWO PARTY.

Miss Gladys Watson entertained the Forty-two Club Thursday afternoon at the home of her parents, Judge and Mrs. John Watson on East 13th street. The reception suite was decorated carrying out elaborately a white and green color scheme in honor of the Saint of Erin's isle, which presented a charming effect. Seven tables of players assembled to enjoy the ever popular game of Forty-two. Table covers, score cards and tally pads favored a St. Patrick's day motif. Eighty-four favors were miniature Irish flags, shamrock with pipes attached, tiny green rubber snakes and little St. Patrick caps. After a number of enjoyable games the hostess, assisted by her mother and Mrs. J. C. Tucker, served a dainty repast consisting of chicken salad, potato chips, olives, bread and butter sandwiches, crackers, green and white sherbert and cake. Table favors were small green candy boxes. Besides the members of the club there were present Mesdames Giles Avriett, Tom Denson A. N. Green, Haden Lawrence, Trent Newton, Alex Triggs, W. A. Bonds, Claude Triggs, Paul Webb, W. O. Triggs, C. W. Read, J. L. Clinton, S. A. Cottle, Tom Henderson, Jr., Edwin York, Misses Virginia Vest, Beth Jeter and Isabel Camp. Miss Watson was hostess again Saturday afternoon, entertaining the lady teachers of both Yoe-Hi school and the grammar school. This was also a fort-two party. The hostess was assisted by Mrs. R. H. Brewer and Miss Ruth Henderson in serving a delicious plate salad. Plate favors were little Irish girls and green pigs.

ATTEND CONFERENCE.

Mesdames Leland Green, F. R. Dunlap, R. L. Batte, Sr., and W. O. Triggs composed a party who left here Tuesday to attend the Annual Meeting of the Women's Missionary Society of the Texas Conference which meets in Jacksonville this week.

SERIOUS ACCIDENT.

Mrs. B. Slocumb happened to a very serious accident last Friday evening, late. On attempting to start her car, it would not work and trying to crank it, something went wrong with the connection which caused an explosion in some manner as to cause a portion of the crank to fly up and hit her of the chin splitting it and breaking the jaw bone. Medical aid was called and service rendered which made her fairly comfortable for the night, but

which was to be served that evening, a beautiful new oil stove was brought into the kitchen of the church, attached to it was a card bearing this inscription: "We take pleasure in presenting you for use in the kitchen of the Methodist church, this New Florence Oil Stove. It is the latest model, and we hope it will make your cooking a pleasure."

Sincerely your friends,
C. N. GREEN & BROS.
By C. N. GREEN.

It is needless to say the ladies appreciated this gift, which was so much needed, and each and every one join in thanks to those good friends, for their timely thought, and assure them it will be a continuous pleasure.

BIRTHDAY ANNOUNCEMENT

I am commissioned to announce the arrival of a "new born babe" in our household, by its mother, who insists that in as much that as her father, when she "happened" along some 25 years ago and took up her abode with us, I heralded the incident with something more than just a formal announcement, that it is fitting and proper now to officiate in a similar manner as Grandpa—which means, that to simply announce that on the 16th inst. was born to Mr. and Mrs. L. E. Frierson (nee Mabel Ruth Tucker) would hardly meet expectations in this instance, but that something of sufficient interest must be said to justify preserving this clipping for future perusal. So that in after years the "grown up boy" can see what his Grandpa had to say about him when he was a innocent little infant. When you get right down to cases this is a pretty hard proposition to go up against. What could an ordinary layman see in a day old baby to differentiate it from any other baby. For all I know he may be an infant prodigy so will just give him the benefit of the doubt and let it go at that. It is universally conceded that every mother has the "sweetest, cutest, prettiest little darling of a baby in the world and that is just the kind this one is, then some. Physically he is a perfect little cupid in form, bringin' down the scales to 9 1-2 pounds before dining, has splendid vocal organs and is very fond of exercising them. Color of hair and eyes yet undetermined. In a highbrow point of view if there is anything more important about the "ideal" of this sketch it is not in the range of my vision. To be perfectly candid in the very early stages of their young lives "all babies look alike to me." You have probably heard this expression before used by men only so far as my knowledge goes. Farquar Tupper in his book of knowledge tells us that "a babe in the home is a well spring of pleasure," but wisely refrain from saying anything about the little spring of worry and trouble that may be lurking around and in this respect I shall follow the other guy's example, hoping that all the springs may grow to be large fountains of joy and happiness to all concerned, including his Grandpa J. M. TUCKER.

OIL NEWS.

Development in the Milam county fields has been active the past week, especially in the proven area of the Minerva pool. No new wells were reported but several are nearing completion stage.

The wildcat area is not putting out much as all of the deep tests are shut down waiting orders. The S. A. Guiberson, Jr., number one Posey, is shut down around 3890 feet level, waiting orders, it is expected that the well will start drilling again this week.

Frederick C. Nelson number one Laeferre, south of Sharp is preparing to start operations again soon. The Owens Refining Company, number one Cooper, which is a wildcat is drilling at 580 feet. It is expected that the well will be completed the latter part of this week.

The Tidal Oil Company of Tulsa, Oklahoma, (Standard Oil Subsidiary) which purchased the Rountree lease in the Minerva pool, and paid a big bonus to Dr. Rountree last year, is moving out of the field. The big company in drilling some 9 or 10 wells found the lightest production in the field under the Rountree acreage. Teamsters have been busy for several days loading out casing and oil field supplies that had been shipped in for the development of the property. All the oil operators in the field hate to see the big company going out.

Now she can iron to her heart's content. With unburned fingers and back not bent. —Mr. Electro-serve.

An electric iron means smoother laundry, quicker work, less labor and more time for other things. We wonder sometimes whether or not it serves any good purpose to repeat the old reasons why. May we just simply ask in big black type

HAVE YOU GOT YOUR ELECTRIC IRON YET?

EVER READY ELEC. CO.
EVERYTHING
ELECTRICAL
CAMERON, TEXAS
PHONE 131-347

It is not known just what will be done with the small production which the company has. The lease is producing 16 barrels daily. The Tidal Company has spent in the neighborhood of \$100,000 with very small returns. The pipe line runs of the field are around the 500 barrel mark.
